

SCDXC Newsletter

The Southern California DX Club is a group of dedicated men and women active in the amateur radio community who enjoy communicating over the air with other radio amateurs around the world.

The SCDXC strongly supports the DX Code of Conduct. Please visit their website:

www.dx-code.org

The SCDXC newsletter is published monthly and released to club members around the first of each month. Amateur and DX related letters, news and pictures are welcome and will be published as time and space permit.

Articles will be republished with recognition of the author and the club. Re-use of copyrighted materials require the original author's permission.

Any questions regarding this newsletter or its articles should be addressed to the Editor, Bill, N6RV at:

n6rv@scdxc.org

Club meetings are held on the second Thursday of the month at 7:00 PM except April, July, and December.

Please check the club web site for events and details at:

<http://www.scdxc.org>

If you are in the area please say hello on our repeater:

September Club Meeting is Live!

**September 14th 7 PM at WEMS
Come Join Us!**

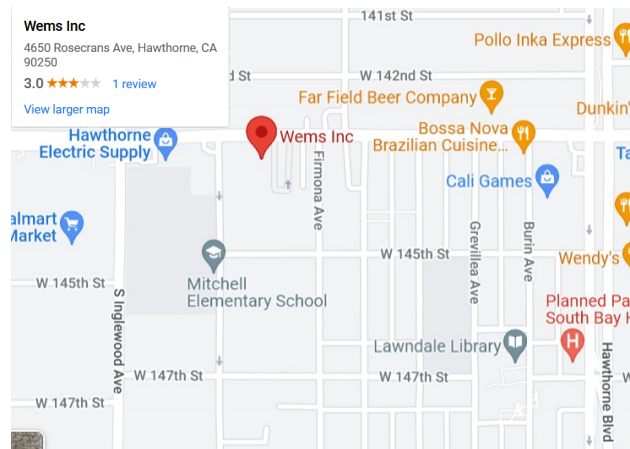

**September Presentation:
Topic: ARRL Report
Dick Norton, N6AA**

The June meeting will be live and on Zoom. You can participate at the link below:

[SCDXC Club Meeting](#)

If you have difficulty with this link try downloading the Zoom app and run this session:

**Meeting ID: 819 8565 2659
Passcode: 154024**

Attendance & 2024 Slate

We have added several new members this year and some returning members. Furthermore we have 47 members updating their standings on ClubLog, many have worked DXCC this year! That is wonderful! What is down is meeting attendance. Before COVID we had 30 to 40 members at a meeting. Now we only have 12 to 18. It is not the presentations, the prizes, or the refreshments that make the meetings great. It is each other! We gather to share DX tales and to keep up with one another's lives. Without that we are not a club. Please consider attending the meetings! We also meet at The Sizzler on Hawthorne near Artesia around 5 PM. A great time is had by all!

We are quickly moving into election season. Many board members have stated they will not return to the board next year. We need to fill the following positions: Vice President, Secretary, and two directors. If we do not have a board this club, that has been around since 1947, will cease to exist. We need volunteers to step up and fill these slots. The workload is very low. We have probably 4 board meetings a year. The toughest job is VP but that work can be distributed among the board and the old hands will help out as well! Please step up and join the board. We want to see SCDXC thrive! There are no more "other guys". It is just us!

2023 Christmas / Chanukah Party

The 2023 holiday party will be on December 16th, 11AM-3PM at the Think Café in San Pedro. Mark your calendars and RSVP when the full announcement is posted!!!

**2023

Jim Shryne, N6DHZ

From the Desk of the President John Schroeder, N6QQ

Welcome to our Southern California DX Club September Meeting!

Hope August kept you busy working lots of DX.

First order of business is our November election.

So far, we have 3 volunteers --- President, one Director and Treasurer. Keep in mind, there is about 4 Zoom meetings per year, that last about 1.5 hours. The most hours go to Vice President - Raffle prizes, Holiday Party, Picnic, and looking for monthly talks. Our new President has offer his help in finding our talks and our current president loves buying prizes. The holiday party is basically announcing the date, and the board as well members help out at the picnic. The secretary requires about 12 hours a year and directors only spend about **7 hours** a year on club business. So, please think about being a Director, Secretary, or Vice President. Also, Visalia convention officers are separate from our Club officers. The convention is solely run by the convention committee with the Co-Chairs in charge.

Jeff, K6JW is now an ARRL QSL card checker for the Los Angeles section! Congratulation Jeff.

Hope to see you at our September meeting.

*73 de John, N6QQ
President, SCDXC*

VP Corner September 2023

Howard Elovitz, W6FL

Mike Walker VA3MW from FLEX Radio presented at the August Meeting. Was a terrific overview of SDR technology and we had a good exchange during the Q&A.

Despite 6 meters being disappointing in CA, I now have 61 countries confirmed.

The Sun is calming down and radio blackouts should be decreasing for a while. Nice to see 10 and 12 meters active till late in the evening.

As DXers we have good antennas and equipment and skills to copy information in poor conditions. During major disasters communications are critical, but the internet and other communications channels as cell service may be inoperative. Ham Radio has helped fill the gap and I encourage you to learn how to use Winlink and be prepared to assist with communications when needed.

Howard, W6FL

ARRL Southwestern Division Director N6AA Dick Norton

N6AA Dick Norton will speak at our September Meeting. The topic will cover the ARRL happenings and how to grow your club.

Dick Norton was first licensed in 1955 as KN2PHF. Initially active on traffic nets and DXing. He is mostly active today on-the-air in contests.

Operating in CQ WW DX Contest from all the 40 zones has given him an opportunity to see the world and meet with amateurs from all corners of the globe.

Dick is currently ARRL Southwestern Division Director as well as president of the Southern California Contest Club. He has spoken at Dayton, Visalia, and other conventions.

**Till next month Best of DX.
73 and Good DXing!
Howard W6FL**

What Did We Really Work?

Even in the middle of summer the bands are really cooking. We worked a total of 157 entities this month! Again, it will be a real let down when the cycle starts to fade. Get out there before you regret not getting on the air. A gold star goes to Bob, N6RW who worked 121 entities this month with several unique entities! Of course, Bob is 400 miles east of LA! A silver star goes to another perennial DXer, Dick W6TK who worked 107 this month. Thanks to everyone who sent in their monthly report. This will make a great presentation for next year!!! If you want to join in just mail in your monthly report around the 22nd of each month.

Who's on 6?

August produced some interesting results. We added six more entities. Locally we added 3 more and the At-Large members added 6 to their count. Mostly these were North American and European entities (CY0, 4U1UN, C6...). It is always a good thing to watch 6 meters!!!

The 2023 Es season is almost in the books! We made it to 80% of DXCC in one year and the year is not over. Here comes the Fall TEP and F2!

Ryuku Islands

The Ryukyu Islands are a string of Islands that stretch from the large southwestern island of Japan, Kyushu all the way to Taiwan. The native population have a diverse history with equally diverse dialects of the Ryukyuan language. The islands were absorbed into Japan but they considered the local natives to be barbarians. The island chain was a major route from Japan to China for centuries. Today the islands are known for the longevity of the population and the near absence of cancer.

There are several interesting sites in the island chain. Shuri Castle is the most famous and is a UNESCO World Heritage Site. A second castle, Nakagusuku is also a UNESCO World Heritage Site. Other castles include Katsuren and Naki-jin.

Okinawa is the largest island, the fifth largest island in Japan, and is well known to those who study WWII history. It was the scene of the bloodiest battle in the Pacific. The conflict between 164,000 Japanese, about 86,000 regulars, the rest local Ryukyu people drafted by Japan, including children, and over 103,000 US soldiers, 88,000 were Marines. The battle lasted 82 days with 95,000 Japanese soldiers and 20,200 Americans killed. In all, almost 150,000 Okinawans were killed, close to one quarter of their population. There is a monument, the Cornerstone of Peace, as well as a museum commemorating the battle.

After WWII the island chain was occupied by the United States and served as a strategic base for the region. The US returned the islands to Japan in 1972 but kept several bases on the island of Okinawa including Air Force, Marines, and CIA. It played a key role in the Korean and Vietnam wars.

Currently there are 50,000 US military in Japan along with 40,000 dependants and 5,500 civilian workers employed by the US. More than half of the US military, 26,000 are stationed on Okinawa. 62% of the US bases are also located there. What is interesting is over 1,200 nuclear warheads were housed on the island. Recently the US is taking efforts to move the bases out of the most populated areas in the southern portion of the island.

One of the most intriguing points in Japanese history is how the nation moved from an imperial government with the emperor being god into the modern era and less than a century ago. Furthermore, Japan has become a world leader in manufacturing and production in that same time period. Looking at the castles we see that they are a highly industrious people, and they make good radios too!

Shuri Castle

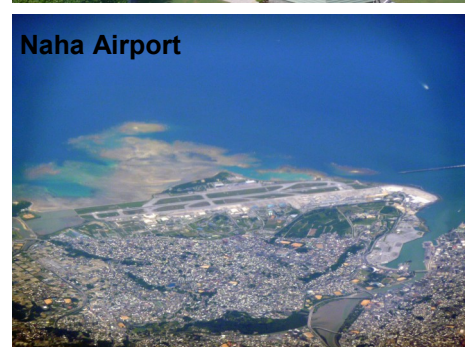

Nakagusuku Castle

Amateur Radio Operations

From the eye chart on the left we can deduce that there was no shortage of hams on Okinawa! One of my first novice DX contacts was KR6CF. I thought it was a local. That is when I first learned about the Ryukyu Islands. Another interesting point is there are a group of Japanese amateurs on 6 meters who, when there is a long path opening to Japan and the US, jump on a plane and are set up to go when it opens again. Now that is dedication and a lot of fun to work! The islands fell under US jurisdiction from 1952 until they were returned to Japan in 1952. After WWII we occupied the islands, presumably contacts made from 1946 to 1952 too count for this deleted country. All of them were Americans.

TID BITS

For Sale (N6WS)

Gemini 2-500 – 144MHz 500W Solid State Linear Amplifier

Excellent condition from not-smoking environment. Runs properly and has full output. It is virtually in new condition. It was only driven into a dummy load. Actually, it has only had some tune tests to set the power level, and five or six Q65-60A frames into a dummy load as a test. This is an ideal amp for anyone wanting to do single-Yagi Moon-bounce (EME). Asking \$1,100 plus shipping. New price of \$1,465 plus \$120 shipping (\$1,585) from The DX Shop, and a possible long wait period for an order to be filled. Payment by cash, check, Zelle, or PayPal okay (buyer pays fees).

The 144MHz Gemini 2-500 incorporates the same, sequenced, front panel switchable 13.8v preamplifier supply on receive. This can be selected by the operator to be either an output voltage on the rear panel or a bias tee feed to a masthead preamp as required. The Gemini 2-500 is a complete turnkey solution incorporating a 50V linear power supply so no external PSU is required.

Description

Solid state 144MHz 500W Linear Amplifier
 500W output
 Ampleon ART700FH LDMOS
 Integral 50V Linear Power supply 120/220 option jumper (set for 120VAC input)
 Drive requirements 10W (Optional 4W or 25W by changing input attenuator)
 Cooling for data mode operation (can be used for JT65 & Q65)
 Full protection for overdrive/SWR/temperature
 Switchable preamp output voltage on RX with internal bias tee or terminal
 Built in W6PQL sequencer
 N Type connectors on input and output
 All aluminum chassis
 Compact dimensions – just 270w x 300d x 120h mm (10.6w x 11.8d x 4.7h inches)
 Weight 24.2 lbs
 Manufactured in the UK <https://thedxshop.com/product/linear-amp-gemini-2-500-144mhz-500w-solid-state-linear-amplifier/>

Ham Home For Sale (K7EG)

Is anyone looking for a cooler climate or a summer retreat in PNW?

K7EG and XYL are going QRT after 73 years in the DX Hobby.

Their 2300 sq. ft. 3 bdr QTH is on a ¾ acre lot with 75 ft of lake frontage on a quiet, pristine, scenic lake.

The QTH is available with an Elecraft K3S, Elecraft P3 Panadapter (with installed optional SVGA card), and an Elecraft KPA1500 amplifier. Also installed on the property is an 85ft rotating tower and mast with a SteppIR DB18E yagi on top.

The property is located in rural King County between Seattle and Tacoma.

If you are interested, please contact Jim, K7EG before the property is listed on August 31, 2023.

Serious parties only please call 253-797-8825

2024 INTERNATIONAL DX CONVENTION

A Great Time with Great Friends

Kicked-Off

April 12th - 14th 2024

The kick-off meeting was a success with many action items completed and many more generated. Hotel reservations opened and the Marriott filled up very quickly. We are negotiating with them to increase the number of rooms in our block. At this time there are still 4 rooms at the Comfort Suites and many rooms at the Wyndham. The negotiated rate is significantly less than the regular rate. There are also hotels in the area that can meet some attendees needs. The KOA camp is nearby and will accommodate RVs.

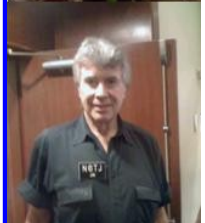

We expect to have everything lined up by mid-November. At that time we will begin pre-registration.

We are looking for an MC. If you have any suggestions please forward them to:

n6rv@dxconvention.org

Propagation

The SFI has remained over 150 for the past month. The A index has not ventured too far into the Active region with only one day at 36, active storm. This month should be a banner one and the fall should produce DX galore!
